EVERSOURCE ENERGY

OVERHEAD PRIMARY 2015 MAINTENANCE TRIMMING AUGUST 24TH PROJECT UPDATE

Please be advised that Eversource Energy will be performing overhead primary maintenance trimming in the fall and winter of 2015 in the Town of Lebanon. The goal of the maintenance program is to prevent power outages by removing branches or trees that are either too close to power lines, or pose a risk of falling on power lines.

Their work will consist of tree trimming and removal along approximately 82 miles of State and Local roads as shown on the attached map, and will consist of:

- Backbone Maintenance Trimming
- Enhanced Tree Trimming
- Schedule Maintenance Trimming

Please check the Town website daily to get updated project information.

Thank you for your patience and understanding as Eversource Energy performs this important utility maintenance work. Should you have any questions, please don't hesitate to contact the Department of Public Works.

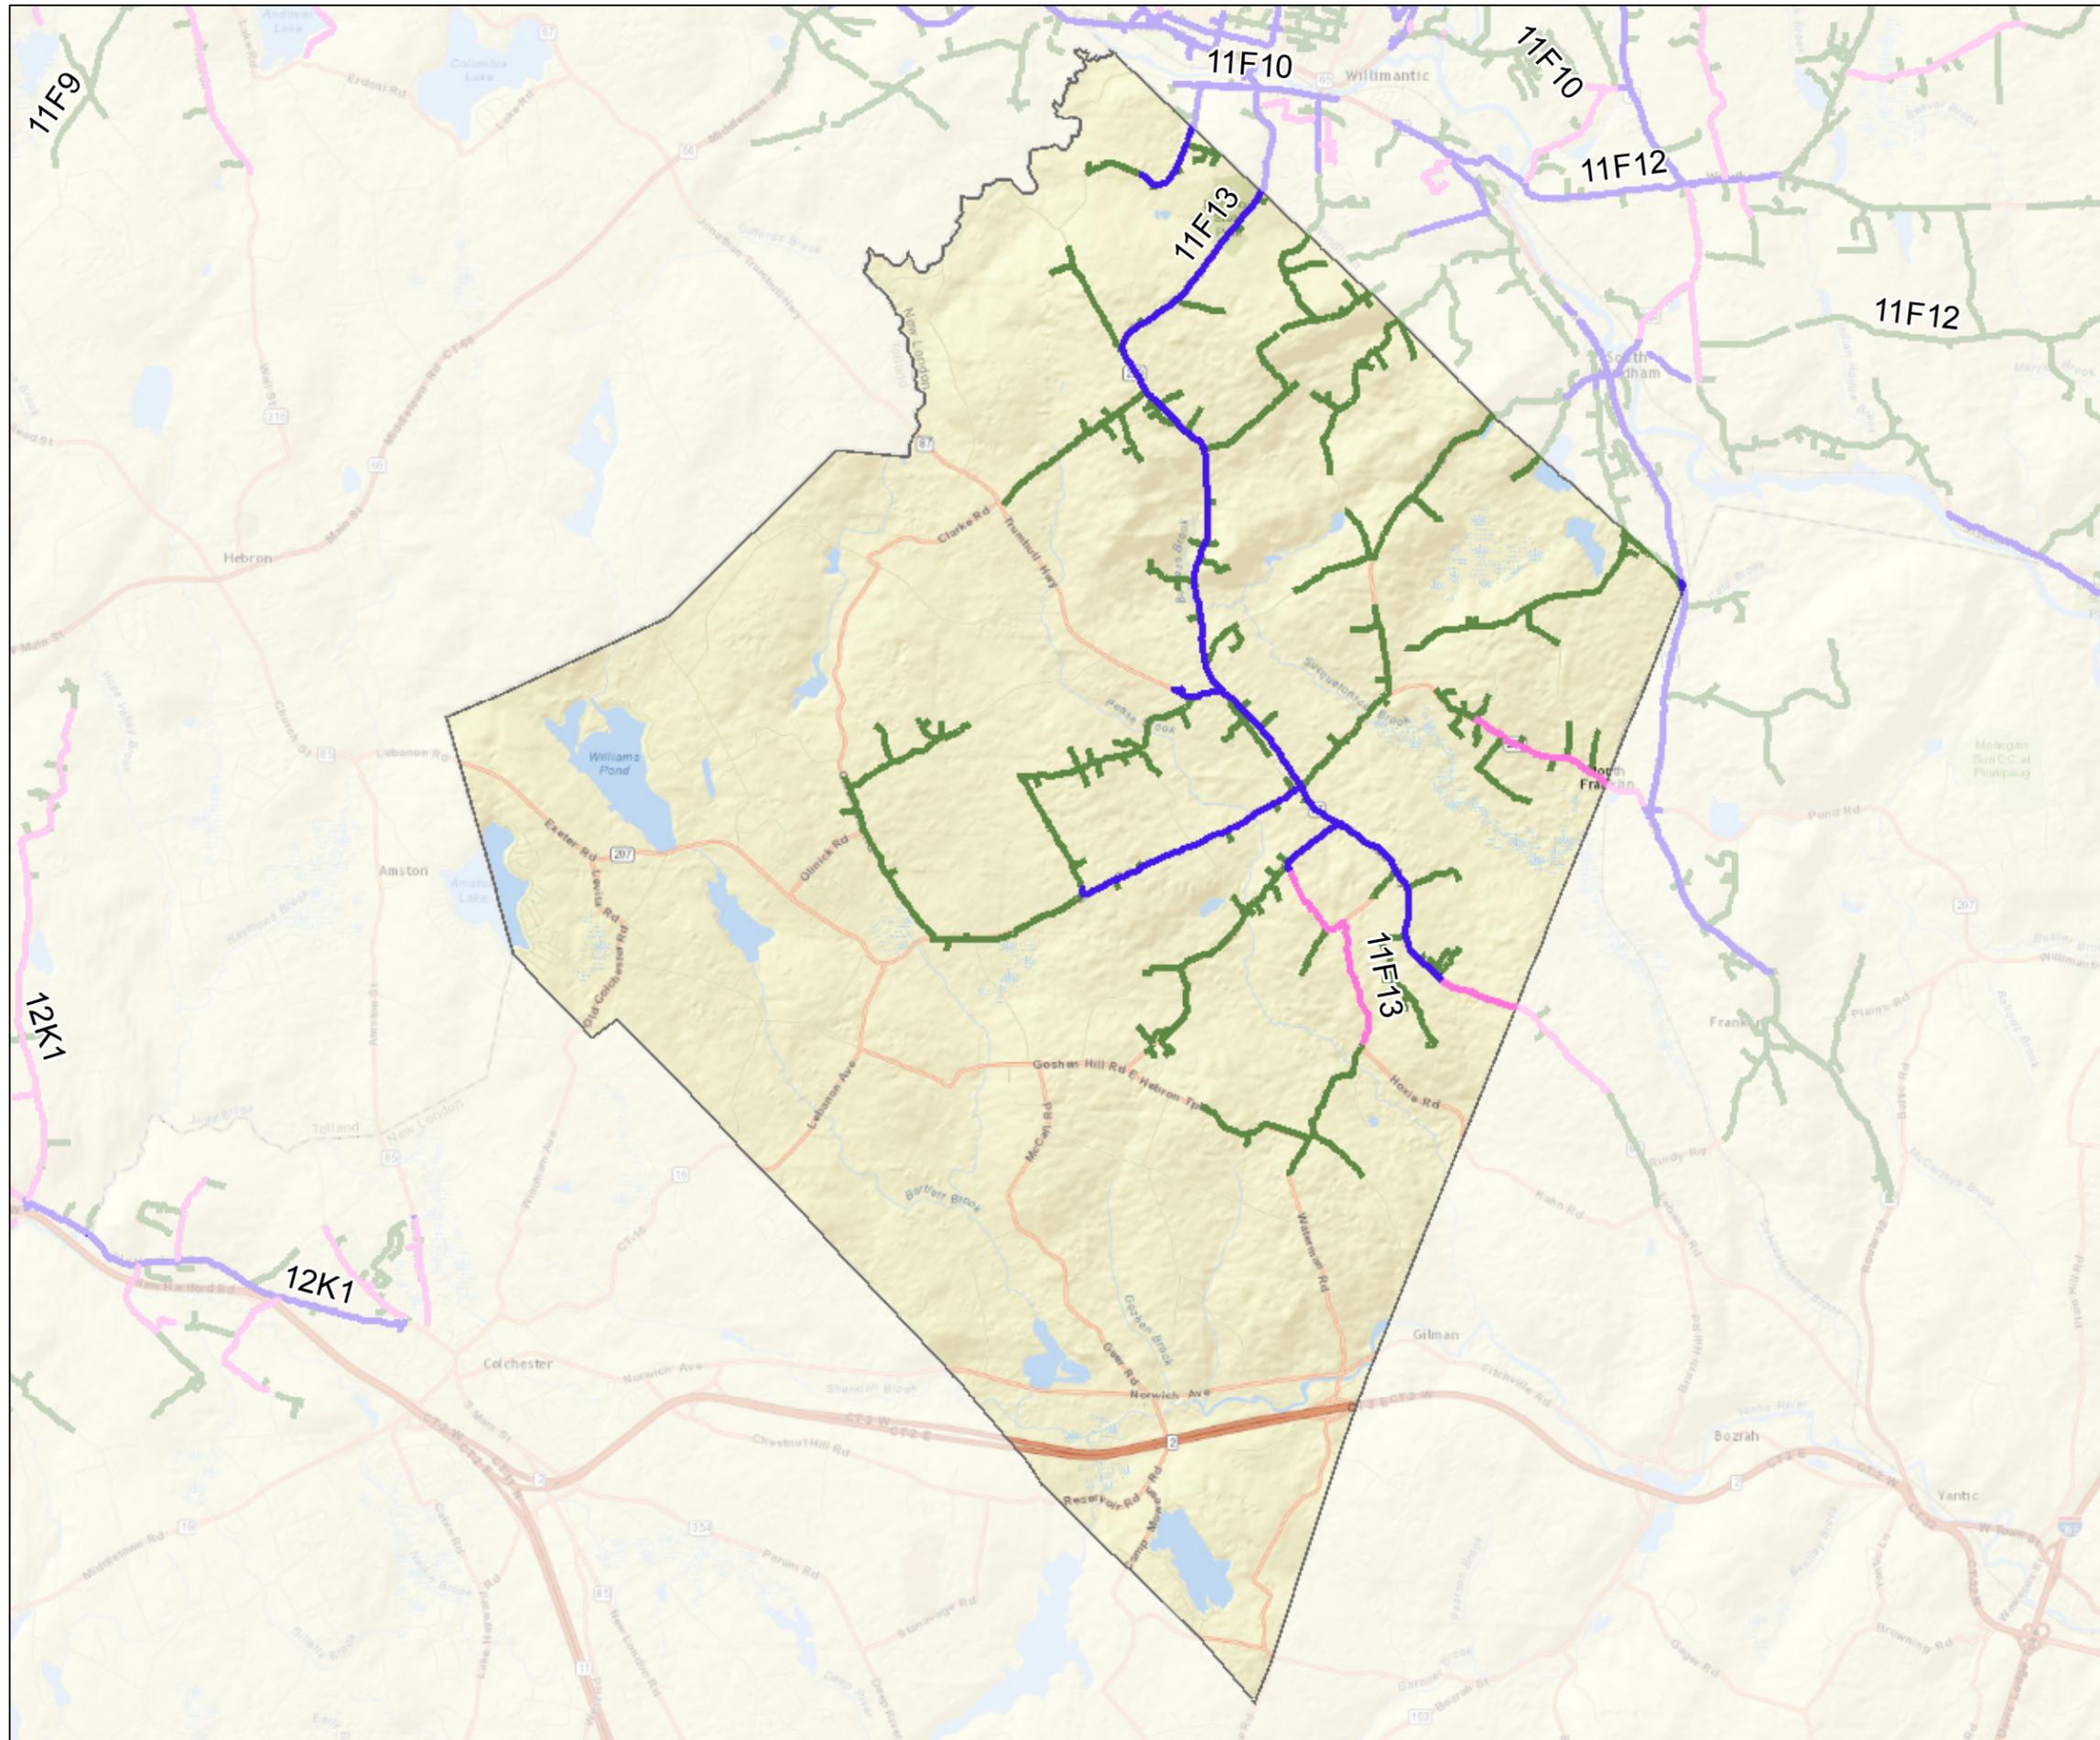

Sincerely,

Brandon J. Handfield, P.E.
Director of Public Works / Town Engineer
