5.0 Old Business:  
   5.1 Budget Review:  Jim Russo reviewed the last updated budget dated 
   3/10/2020 which reflects the Value Engineering exercise with our Architect after 
   the February 26, 2020 Meeting. After discussions of all the cost components of 
   the Project, it was decided to increase the line item for FFE to $50,000.
   5.2 Temporary Library Location:  JRR commented he attended a BOS Meeting 
   on March 3rd, 2020. A presentation to update the existing Community Center 
   (Carpentry, Drywall, 3rd floor Improvements, Fire Alarm Systems, Life Safety 
   Systems, HVAC Systems) were reviewed. It was concluded that the BOS will 
   review the existing facility prior to formal vote. Per Jim’s understanding, there will 
   be no costs to the Town Taxpayers due to Fund 204 of the Town Benefactors Trust.

6.0 Architectural Design
   of Lebanon and Jacunski Humes Architects, LLC in the amount of $310,000.00 
   was reviewed. It was understood that the following services are not a component 
   of this draft agreement:  Land Surveys, Site Engineering/Boring Testing, 
   Commissioning Services, Telecommunications/Data Design, Security 
   Evaluations and Planning, Owners on Site Project Management & FFE Design, 
   and Final Budget Estimate. Jim Russo mentioned that all but Commissioning 
   Services, Security Elevations Services and Final Estimate are included as a line
item within Soft Costs. Per inquiry, Brian Humes commented that an estimate of Final Drawings would cost approximately $3,000. Jim did forward this Draft to BOS for Town Attorney Review and awaiting comments.

6.2 Jacunski Humes commented that once notice to proceed is issued, final design activities will proceed. It is their opinion that drawings will be completed for Bid Purposes 5 months after Professional Contract is executed.

7.0 Approval of Invoices:
7.1 Jacunski Humes Invoice # 20083 in the amount of $4,500.00 (Completion of Schematic Design Phase).
Motion by Maggie, Second by Linda. Motion Passes unanimously.
